ABOUT US

Professional mining, accessible to all.

SYNTHESIS was founded by mining engineers and facility operators to open institutional grade hashpower to private clients. No machines to purchase, no hosting agreements, no charts to monitor.

Many investors faced either unstable trading or unclear cloud agreements. SYNTHESIS offers a third path, shared ownership in a working ASIC fleet from **\$10**, with rewards settled in the coin being mined.

Fleet growth: every purchase helps fund new ASIC and Scrypt hardware, adding fresh capacity to the pool. More capacity collects more block rewards, so the operation scales with each member. A miner pays its owner daily and helps build the fleet behind it.

WHY SYNTHESIS

Genuine hardware. Genuine coins. Full clarity.

Proven ASIC plus Scrypt

Enterprise SHA-256 and Scrypt equipment, installed and serviced by our technical team. Each rate is covered by operating capacity.

Fund in crypto, paid in crypto

Bitcoin pays Bitcoin, Litecoin pays Litecoin, Dogecoin pays Dogecoin. The daily rate applies to the balance and settles in the same asset.

Entry from \$10

Shared fleet allocation from a \$10 equivalent. Registration takes about 30 seconds, no identity check, dashboard ready at once.

1.8% to 2.8% per day

Rate by miner, locked at activation. Earnings build up each second across a fixed period.

Monitored payments

SYNTHESIS Pay: personal address with QR code, price fixed for 15 minutes, blockchain tracking until 3 confirmations.

Payouts from \$5

Withdraw once the balance reaches a \$5 equivalent, direct to a personal wallet. Longest wait is 24 hours.

HOW IT WORKS

From registration to daily income in 4 moves.

1

Open an account

Registration is free and takes about 30 seconds. No identity check is required. The dashboard is ready immediately.

Free

2

Select coin and miner

Pick BTC, LTC or DOGE with SYNT LITE, PRO or MAX, paying 1.8% to 2.8% per day.

BTC • LTC • DOGE

3

Send the deposit

SYNTHESIS Pay creates an address with QR code, fixes the price for 15 minutes and follows confirmations.

QR, TXID, 3 confirmations

4

Collect each second

Income builds in the same coin continuously. Capital is returned when the period closes.

Payouts from \$5

Register now

Register, select a miner, send funds, income builds each second.

SYNTHESIS PLANS

Adaptable miners for steady portfolio growth.

SYNT MAX • LARGE

2.8% per day

35 days • about 98% total

Minimum **\$5,000**

Maximum **\$50,000**

Length **35 days**

Capital **returned on completion**

Payouts **within 24 hours**

Top daily rate

Pay with BTC to receive BTC on BTC. Rates lock at activation. Every miner starts with a separate deposit.

DAILY BONUS • LITECOIN

Spin the wheel. Free LTC every day.

Each member receives one free spin per day. Every spin wins, with prizes credited straight to the Litecoin balance.

1 free spin

A fresh spin unlocks every 24 hours for every member account.

Every spin wins

Each round lands a prize, displayed in dollars on the wheel.

Paid in Litecoin

Winnings convert at the live rate and settle in the LTC balance.

\$5 top prize

The headline reward is genuine but extremely rare.

NO DEPOSIT Winnings join the balance, **withdraw from \$5**

longest payout delay

Hosted in a professional data center with steady power, industrial cooling, access control and planned servicing. Pool metrics are published openly on the site.

01 • SHA-256 ASIC cluster

Core infrastructure of enterprise Bitcoin units, installed and serviced by our engineers, collecting BTC block rewards day and night.

02 • Combined LTC and DOGE

Script resources secure Litecoin and Dogecoin at once, two networks for a single energy cost, with quick blocks and small fees.

03 • Round the clock supervision

The site runs continuously while staff review each unit around the clock to keep every allocation earning.

3 TIERS • PARTNER NETWORK

Earn by expanding the pool.

Receive up to 7% of each invited deposit, credited at once in the same coin the guest funded. Earnings are possible with no personal deposit.

7%**Tier 1, Direct**
